## Create a WLAN connection with the USB-Public network

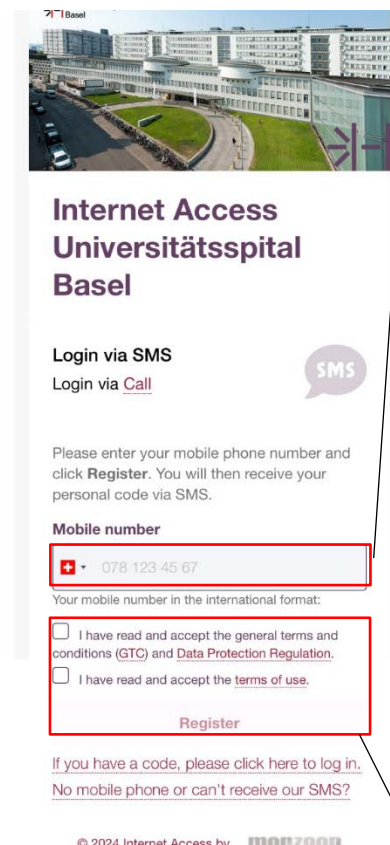

USB has a hospital-wide WLAN service that is available to our patients and staff free of charge.

To set up the free USB WLAN service, proceed as follows:

Go to the Wi-Fi connection settings on your mobile phone and select the **USB-Public** network.

Enter your **mobile phone number** with the **country code** here.

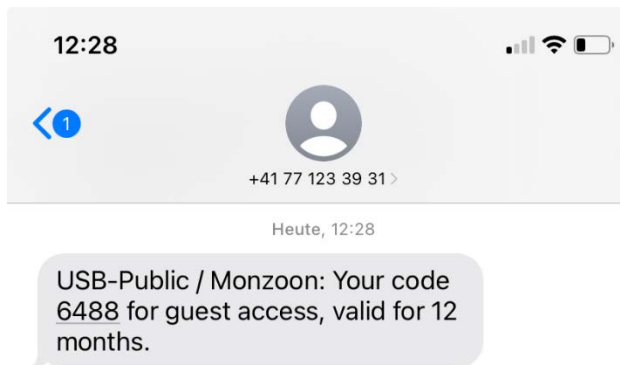

Accept the terms and conditions and the terms of use and then click on **Register**.

## Create a WLAN connection with the USB-Public network

Version V01

Gültig ab 28.02.2024

You will receive an **access code** by SMS, which is valid for 12 months.

Please note that you will have to re-enter the SMS code or re-register if you are staying longer.

Enter the access code and check the "save the mobile number and code" option.

### Login via SMS

Login via [Call](#)

Please enter your mobile phone number and your code and click on **Connect** to access the Internet.

#### Mobile number

017112345678

Your mobile number in the international format:  
+491717206377

#### Code

1234

- Save mobile number and code.
- I have read and accept the general terms and conditions ([GTC](#)) and [Data Protection Regulation](#).
- I have read and accept the [terms of use](#).

**Connect**
